About Connor's Climb Foundation

Connor's Climb Foundation was created following the loss of Connor Ball in 2011 with one goal — to prevent youth suicide through education, awareness, and stigma reduction.

Today, Connor's Climb partners with schools, families, and communities across New Hampshire to provide evidence-based suicide prevention programming at no cost to students or schools.

Through education, advocacy, and community engagement, we are working to ensure young people have the tools and support they need to navigate mental health challenges.

Our Impact

- **30,000+ Students Served**
Received suicide prevention education
- **140+ Schools Partnered With**
Across New Hampshire communities
- **5,500+ Trusted Adults Trained Each Year**
Educators, coaches, and community leaders

Why This Matters

According to the CDC, suicide remains one of the leading causes of death among youth and young adults. The good news: suicide is preventable when young people and adults are equipped with education, resources, and support networks. Events like the Connor's Climb 5K help fund:

- SOS Signs of Suicide school programming
- Trusted adult training for educators and community members
- Youth mental health awareness initiatives
- Community stigma-reduction campaigns
- Free resources for families and schools

Event Audience Highlights

- 400–500 local and regional NH seacoast residents
- Community-focused and family-oriented participants
- Strong representation of professionals, business owners, and active families
- Highly engaged local and regional supporters
